DEPARTMENT OF DEFENSE

Department of the Navy

Intent To Prepare an Environmental Impact Statement/Environmental Impact Report for the Disposal and Reuse of the Former Naval Shipyard Hunters Point, San Francisco, CA

Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 as implemented by the Council on Environmental Quality regulations (40 CFR Parts 1500-1508) and the California Environmental Quality Act (CEQA), the Department of the Navy in coordination with the City and County of San Francisco is preparing a joint Environmental Impact Statement (EIS)/Environmental Impact Report (EIR) for the disposal and potential reuse of the former Naval Shipyard, Hunters Point property and structures located in San Francisco, California. The Navy shall be the EIS lead agency and the City of San Francisco shall be the EIR lead agency. The Defense Base Closure and Realignment Act (Pub. L. 101-510) of 1990, as implemented by the 1993 base closure process, directed the U.S. Navy to close Naval Station Treasure Island and its off-station property, Hunters Point Annex (the former Naval Shipyard, Hunters Point). This EIS/EIR shall be prepared for the disposal and reuse of former Naval Shipyard Hunters Point. A separate EIS/EIR shall be prepared for the disposal and reuse of Naval Station, Treasure Island.

The former Naval Shipyard is within the jurisdiction of the City of San Francisco. It covers approximately 500 acres of the southeast San Francisco waterfront. The property is developed with industrial ship repair facilities and associated buildings, including limited support facilities (residential, recreational). The EIS/EIR will address disposal of the property and the potential impacts associated with potential reuses of the property.

The EIS/EIR will address the potential significant impacts to the environment that may result from the implementation of two reuse alternatives and a "no action" alternative. The Hunters Point Shipyard Reuse Plan (based on a Hunters Point Land Use Draft Plan dated March 1995 developed by the City and County of San Francisco Planning Department with the San Francisco Redevelopment Agency in conjunction with the Mayor's Citizens Advisory Committee) will constitute the preferred alternative. The preferred alternative has been endorsed by the San Francisco Planning & Redevelopment Commissions and the Citizens Advisory Committee. The preferred reuse alternative would provide approximately 6,500 jobs, 1,300 residential units, 1.1 million square feet of industrial use (such as ship repair, ship maintenance, trucking and courier services, equipment leasing, printing and publishing, motion picture production, etc.), 300,000 square feet of research & development use (such as data processing, telecommunication, etc.) 555,000 square feet of cultural/institutional use (such as large education and training facilities, museums, theaters, galleries, restaurants, etc.), 1.1 million square feet of mixed use (such as artist studios, live/work space, recording studios, research and development, hotel/conference facilities, retail, etc.), and 6.1 million square feet of open space. The second alternative would be a reduced development of approximately 5,000 jobs, 600 residential units, 900,000 square feet of industrial use, 250,000 square feet of research & development use, 425,000 square feet of cultural/institutional use, 850,000 square feet of mixed use, and 6.1 million square feet of open space. The "no action" alternative would have the former Naval Shipyard remain federal government property, in a continuing caretaker status.

Federal, state, and local agencies, and interested individuals are encouraged to participate in the scoping process for the EIS/EIR to determine the range of issues and alternatives to be addressed. A public scoping meeting to receive oral

and written comments will be held at 5:00 p.m. on Wednesday, July 12, 1995, at the Southeast Community Facility, 1800 Oakdale Avenue, San Francisco, California. In the interest of available time, each speaker will be asked to limit oral comments to five (5) minutes. Longer comments should be summarized at the public meeting or mailed to the address listed at the end of this announcement. All written comments should be submitted within 30 days of the published date of this notice to Ms. Mary Doyle (Code 185), Engineering Field Activity West, Naval Facilities Engineering Command, 900 Commodore Drive, San Bruno, California 94066-5006, telephone (415) 244-3024, fax (415) 244-3737. For information concerning the EIR, please contact Ms. Barbara Sahm, of the San Francisco Planning Department, Office of Environmental Review, telephone (514) 558-6381. For further information regarding the Hunters Point Shipyard Land Use Plan, please contact Mr. Byron Rhett, Hunters Point Project Manager of the San Francisco Redevelopment Agency, telephone (415) 749-2576 or Mr. Paul Lord, Hunters Point Planning Manager of the San Francisco Planning Department, telephone (415) 538-6311.

Dated: June 23, 1995.
